

# A universal product reinvented

## The Original

## Its simplicity has remained

Its simplicity has remained and yet DutchClip now has more functionality than any competing product. The specially devised angles allow DutchClip to hold together more than 20 sheets of paper easily.

DutchClip has no sharp ends, allowing its easy removal without getting struck in the paper.

## Full-color large image with no extra costs

*When removing a paper clip, the paper usually gets scratched at these points.*

*Where there are several pages, the paperclip tends to bend out of shape, so it does not do its job and the paper is creased.*

*The clearly visible clamp makes easy work of attaching the DutchClip.*

*Nicely rounded angles ensure easy application and removal. Using DutchClip keeps paper flat!*

*Extra fold facilitates handling and makes a snug grip on 2 or more sheets.*

*A spacious print surface and revolutionary printing method enables one-color or full-color prints, retaining details without extra costs.*

## Many promotional applications

DutchClips are fast and easy to use in support of quotations, promotions, special offers and name recognition. DutchClips are suitable not only for logos but also for drawing extra attention to new products, a new telephone number or a discount. In other words, DutchClips for any promotion. Changes of layouts or texts per order are possible.

## Upright or sideways

The specific shape enables DutchClip to be used vertically as well as horizontally. Holding easily more than 20 sheets.

## Special open-close packaging

Each desk-top container holding 125 DutchClips. Hold the gathered sheets in one hand, simply press the top of the container with the other hand, and...

*...attach a DutchClip without putting down the sheets.*
